1. Acceptance of Purchase Order
This Purchase Order, including the terms on the face of the Purchase Order, constitutes the entire agreement of the parties with respect to the subject matter on the face of the Purchase Order and, therefore, supersedes all prior offers, negotiations, and agreements regarding the subject matter of this Purchase Order. Seller accepts this Purchase Order by acknowledging the Purchase Order, accepting payment, or commencing performance. Any differing or additional terms proposed by Seller or included in Seller’s acknowledgment are objected to and have no effect unless the Buyer expressly accepts them in writing.

2. Assignments
Neither party shall assign its contract rights or delegate its contract duties without prior written consent from the other party. However, Seller may assign rights to be paid amounts due, or to become due, to a financing institution if Buyer is promptly furnished a signed copy of the assignment reasonably in advance of the due date for payment of any such amounts. Any amounts assigned by Seller will be subject to setoff or recoupment for any present or future claims of Buyer against Seller. Buyer may make settlements or adjustments in price or both without notice to any assignee financing institution.

3. Business Ethics
Seller shall conduct itself with the highest degree of integrity and honesty and comply with all applicable federal and state laws.

(3) delivery schedule.

If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of this Purchase Order, Buyer shall make an equitable adjustment in the Purchase Order price or delivery schedule or both, and shall modify this Purchase Order accordingly. Seller must assert its right to an equitable adjustment under this clause within thirty (30) days from the date of receipt of the written change order from Buyer. If the Seller's proposed equitable adjustment includes the cost of property made obsolete or excess by the change, Buyer may prescribe the manner of disposition of the property. Failure to agree to any adjustment will be resolved in accordance with the "Disputes" clause of this Purchase Order. However, nothing contained in this "Changes" clause may excuse Seller from proceeding without delay in the performance of this Purchase Order as changed.

5. Communication with Buyer’s Customer
Buyer shall communicate and coordinate with the customer, including the U. S. Government, as it affects the applicable prime contract, this Purchase Order, and any related contract. Seller shall not communicate or coordinate with the customer unless Buyer gives written permission to Seller.

6. Compliance with Laws
This Purchase Order shall be construed in accordance with, and governed by, the laws of the Commonwealth of Virginia without regard to that state’s choice of law principles, except that any provision in this Purchase Order that is incorporated by full text, by reference, or is substantially based on the Federal Acquisition Regulation (FAR), Defense Federal Acquisition Regulation Supplement (DFARS), or other agency(s) regulation, including agency regulations that implement and supplement the FAR, shall be construed and interpreted according to the federal common law of Government Contracts as set forth and applied by federal judicial bodies, boards of contracts appeals, and quasi-judicial agencies of the federal Government. This purchase order and activities hereunder are within the jurisdiction of the United States Government. Any knowing and willful act to falsify, conceal, or alter a material fact, or any false, fraudulent, or fictitious statement or representation in connection with the performance of work under this purchase order may be punishable in accordance with applicable Federal statutes.

(c) Seller shall include paragraphs (a) through (c) of this clause or equivalent provisions in lower tier subcontracts for the delivery of items that will be included in or delivered as Work to Buyer. Seller shall immediately notify Buyer upon learning that any lower tier subcontractor with which it engages has become listed on the Restricted Parties List.

13. Extras

14. Force Majeure
Except for defaults of Seller’s subcontractors at any tier, neither Buyer nor Seller will be liable for any failure to perform due to any cause beyond their reasonable control and without their fault or negligence. Such causes include, but are not limited to, acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, terrorism, quarantine restrictions, strikes, freight embargoes, and unusually severe weather. In the event that performance of this Purchase Order is hindered, delayed or adversely affected by causes of the type described above (“Force Majeure”), then the party whose performance is so affected shall notify the other party’s authorized representative in writing and, at Buyer’s option, this Purchase Order may be completed with such adjustments as are reasonably required by the existence of Force Majeure.

20. New Materials and Counterfeit Work
For purposes of this clause, Work consists of those parts delivered under this Purchase Order that are the lowest level of separately identifiable items (e.g., articles, components, goods, and assemblies). "Counterfeit Work" means Work that is or contains items misrepresented as having been designed and/or produced under an approved system or other acceptable method. The term also includes approved Work that has reached a design life limit or has been damaged beyond possible repair, but is altered and misrepresented as acceptable.

Seller shall not deliver Counterfeit Work or suspected Counterfeit Work to Buyer under this Purchase Order. The Work to be delivered hereunder will consist of new materials, as defined in FAR 52.211-5, not used, or reconditioned, remanufactured, or of such age as to impair its usefulness or safety. Any Work delivered shall be from and only contain materials obtained directly from the Original Equipment Manufacturer (OEM)/Original Component Manufacturer (OCM) or an authorized OEM/OCM reseller or distributor. Work shall not be acquired from independent distributors or brokers unless approved in advance in writing by Buyer.

Seller shall immediately notify Buyer if Seller becomes aware or suspects that it has furnished Counterfeit Work. When requested by Buyer, Seller shall provide OEM/OCM documentation that authenticates traceability of the affected items to the applicable OEM/OCM. Buyer can face substantial Federal penalties, including fines and/or imprisonment, if found to be intentionally trafficking in counterfeit goods or services.

Seller shall establish and maintain an acceptable counterfeit part detection and avoidance system in accordance with industry recognized standards and in accordance with the requirements of DFARS 252.246-7007 (“Contractor Counterfeit Electronic Part Detection and Avoidance System”) and shall comply with the requirements of DFARS 252.246-7008 (“Sources of Electronic Parts”).

This clause applies in addition to any quality provision, specification, statement of work or other provision included in this Purchase Order addressing the authenticity of Work. If any other clause or provision in this Purchase Order conflicts with this clause in part or in whole, this clause shall take precedence.

In the event that Work delivered under this Order constitutes or includes Counterfeit Work, Seller shall, at its expense, promptly replace such Counterfeit Work with genuine Work conforming to the requirements of this Purchase Order. Notwithstanding any other clause in this Purchase Order, Seller shall be liable for all costs relating to the removal and replacement of Counterfeit Work, including without limitation Buyer’s costs of removing Counterfeit Work, of installing replacement Work, and of any testing necessitated by the reinstallation of Work after Counterfeit Work has been exchanged. The remedies contained in this paragraph are in addition to any remedies Buyer may have at law, equity or under other provisions of this Purchase Order.

Seller shall include this clause or equivalent provisions in lower tier subcontracts for the delivery of items that will be included in or furnished as Work to Buyer.

21. Notification of Debarment/Suspension
By acceptance of this Purchase Order, Seller certifies that as of the date of award of this Purchase Order neither the Seller, nor any of its Principals, nor any subcontractors engaged to perform on this agreement is debarred, suspended or proposed for debarment by the federal government. Seller shall notify Buyer if any of their subcontractors, or any of its Principals, are or become debarred, suspended, or proposed for debarment by the federal government provided however that this requirement shall not apply to the purchase of commercial off the shelf items. Seller shall include the requirements of this clause in each subcontract that (1) exceeds $35,000 in value; and (2) is not a subcontract for commercially available off-the-shelf items.

22. Precedence
Any inconsistencies in this Purchase Order will be resolved in accordance with the following descending order of precedence:
(1) Face of the Purchase Order and/or Change Order, release document, or schedule, (including any continuation sheets), as applicable, including any special terms and conditions;
(2) Article 1 (Terms and Conditions) and Article 2 (FAR/DFARS Flowdown Provisions); and
(3) Any supplementary document invoked in this Purchase Order.

23. Priority Rating
If so identified, this Purchase Order is a “rated order” certified for national defense, emergency preparedness, and energy program use, and Seller shall follow all the requirements of the Defense Priorities and Allocation System Regulation (15 C.F.R. Part 700).

24. Purchase Order Direction
Only the Buyer’s Procurement Representative has authority on behalf of Buyer to make changes to this Purchase Order. All changes must be identified as such in writing and executed by the parties. Buyer’s engineering and technical personnel may from time to time render assistance or give technical advice or discuss or effect an exchange of information with Seller's personnel concerning the Work hereunder. No such action will be deemed to be a change under the “Changes” clause of this Purchase Order and will not be the basis for equitable adjustment. Except as otherwise provided herein, all notices to be furnished by either party must be in writing and sent to the Procurement Representative of the other party.

25. Quality Control System
(a) Seller shall provide and maintain a quality control system to an industry recognized Quality Standard and in compliance with any other specific quality requirements identified in this Purchase Order.

(b) Records of all quality control inspection work by Seller shall be kept complete and available to Buyer and its customers.

26. Retention of Records
Unless a longer period is specified in this Purchase Order or by law or regulation, Seller shall retain all records related to this Purchase Order for three (3) years from the date of final payment received by Seller. Records related to this Purchase Order include, but are not limited to, financial, proposal, procurement, specifications, production, inspection, test, quality, shipping and export, and certification records. At no additional cost, Seller shall timely provide access to such records to the Buyer and/or its customers upon request.

27. Severability
Each clause, paragraph and subparagraph of this Purchase Order is severable, and if one or more of them are declared invalid, the remaining provisions of this Purchase Order will remain in full force and effect.

28. Shipping Instructions
Seller shall properly package materials hereunder. No charges will be allowed for packing, crating, freight, local cartage, or any other services unless so specified in this Purchase Order. Seller shall at all times comply with Buyer’s written shipping instructions. Unless otherwise directed, all items shipped on the same day from and to a single location must be consolidated on one bill of lading or air bill, as appropriate. Seller shall submit all required shipping papers to Buyer prior to final payment. For material purchased F.O.B. origin, the Seller shall not insure and not declare a value except when transportation rates are based on “released value,” in which instance the Seller will annotate on the bill of lading the lowest released value provided in applicable tariffs. Purchase Order number(s) must appear on all correspondence, shipping labels, and shipping documents, including all packing sheets, bills of lading, air bills, and invoices.

29. Stop Work
Seller shall stop Work for up to ninety (90) days in accordance with any written notice received from Buyer, or for such longer period of time as the parties may agree and shall take all reasonable steps to minimize the incurrence of costs allocable to the Work during the period of Work stoppage. Within such period, Buyer may terminate for convenience in accordance with the provisions of this Purchase Order or continue the Work by written notice to Seller. In the event of a continuation, an equitable adjustment in accordance with the principles of the “Changes” clause will be made to the price, delivery schedule, or other provision(s) affected by the Work stoppage, if applicable, provided that the claim for equitable adjustment is made within thirty (30) days after date of notice to continue.

30. Subcontracts
Seller agrees to obtain Buyer written approval before subcontracting any portion of this Purchase Order, provided however that this limitation shall not apply to the purchase of standard commercial supplies or raw material, if applicable.

31. Taxes
Unless this Purchase Order specifies otherwise, the price of this Purchase Order includes, and Seller is liable for and shall pay, all taxes, impositions, charges and exactions imposed on or measured by this Purchase Order except for applicable sales and use taxes that are separately stated on Seller’s invoice. Prices will not include any taxes, impositions, charges or exactions for which Buyer has furnished a valid exemption certificate or other evidence of exemption. To the extent that Buyer is required to do so under applicable United States law or tax regulations, Buyer may deduct from any payments due to Seller pursuant to this Purchase Order such taxes as Buyer is required to withhold from such payments and pay such taxes to the relevant tax authorities; provided, however, that Buyer provides Seller with relevant tax receipts or other suitable documentation evidencing the payment of such taxes promptly after such taxes are paid.

32. Termination for Convenience
Buyer may, by notice in writing, terminate this Purchase Order or work under this Purchase Order for convenience and without cause, in whole or in part, at any time. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order. In the event of such termination, Seller shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Seller will be reimbursed for actual, reasonable, substantiated and allowable costs, plus a reasonable profit for work performed to date of termination. Seller will not be paid for any Work performed or costs incurred which reasonably could have been avoided. In no event will Buyer be liable for lost or anticipated profits, or unabsorbed indirect costs or overhead, or for any sum in excess of the total Purchase Order price. Seller's termination claim will be submitted within ninety (90) days from the effective date of the termination. Buyer may take immediate possession of all work so performed upon written notice of termination to Seller.

33. Termination for Default
Buyer may, by notice in writing, terminate this Purchase Order in whole or in part at any time for breach of any one or more of its terms, for failure to make progress so as to endanger performance of this Purchase Order, or failure to provide adequate assurance of future performance, or Seller files or has filed against it a petition in bankruptcy; or becomes insolvent or suffers a material adverse change in financial condition. Seller may have ten (10) days (or such longer period as Buyer may authorize in writing) to cure any such failure after receipt of notice from Buyer. Default involving delivery schedule delays, bankruptcy or adverse change in financial
condition will not be subject to the cure provision. In the event of partial termination, Seller is not excused from performance of the non-terminated balance of work under the Purchase Order. Following a termination for default of this Purchase Order, Seller will only be compensated for Work actually delivered and accepted. Buyer may require Seller to deliver to Buyer any supplies and materials, manufacturing materials, and manufacturing drawings that Seller has specifically produced or acquired for the terminated portion of this Purchase Order. Buyer and Seller shall agree on the amount of payment for these other deliverables. Seller’s obligations, including but not limited to obligations under the warranty, disclosure, and infringement provisions of this Purchase Order, will survive such termination. Upon the occurrence and during the continuation of a default, Buyer may exercise any and all rights and remedies available to it under applicable law and equity, including without limitation, cancellation of this Purchase Order. If after termination for default under this Purchase Order, it is determined that Seller was not in default, such termination will be deemed a termination for convenience.

34. Timely Performance
Failure to deliver in accordance with the delivery schedule under this Purchase Order, if unexcused, will be considered a material breach of this Purchase Order. No acts of Buyer, including without limitation modifications of this Purchase Order or acceptance of late deliveries, will constitute waiver of this provision. Buyer also reserves the right to refuse or return at Seller’s risk and expense shipments made in excess of Buyer’s orders or in advance of required schedules, or to defer payment on advance deliveries until scheduled delivery dates. In the event of a termination for convenience or change, no claim will be allowed for any manufacture or procurement in advance of Seller’s normal flow time unless there has been prior written consent by Buyer. Seller shall notify Buyer in writing immediately of any actual or potential delay to the performance of this Purchase Order. Such notice will include a proposed revised schedule but such notice and proposal or Buyer’s receipt or acceptance thereof will not constitute a waiver to Buyer’s rights and remedies hereunder.

35. Waivers, Approvals, and Remedies
Failure by either party to enforce any of the provisions of this Purchase Order or applicable law will not constitute a waiver of the requirements of such provisions or law, or as a waiver of the right of a party thereafter to enforce such provision or law. Buyer’s approval of documents will not relieve Seller of its obligation to comply with the requirements of this Purchase Order. The rights and remedies of either party in this Purchase Order are cumulative and in addition to any other rights and remedies provided by law or in equity.

36. Warranty
Seller warrants that all Work delivered under this Purchase Order will: (1) be free from defects in materials and workmanship; (2) be suitable for the intended purpose, if Seller is aware of purpose and Buyer relies on Seller’s judgment and selection; and (3) be free from defects in title. This warranty shall begin upon final acceptance and extend for a period of one (1) year. Seller shall, at Buyer’s option, promptly repair, replace, or re-perform the non-conforming Work. Transportation of replacement Work, return of non-conforming Work, and re-performance of Work shall be at Seller's expense. If repair or replacement or re-performance of Work is not timely, Buyer may elect to return, re-perform, repair, replace, or re-procure the Work at Seller's expense. The warranties in this provision shall inure to the benefit of Buyer, its customers, and subsequent owners or users of any delivered Work under this Purchase Order. If the Work furnished contains any manufacturer’s warranties, Seller hereby assigns such warranties to Buyer and Buyer’s Customer.

(b) The Seller hereby certifies to the best of its knowledge and belief that:

1. No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of any Federal contract;

2. FAR 52.209-5 Certification Regarding Responsibility Matters

A. The Seller certifies, to the best of its knowledge and belief, that:

1. The Seller and/or any of its Principals-

   a. Are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
b. Have not, within a three-year period preceding this offer, been
convicted of or had a civil judgment rendered against them for:
commission of fraud or a criminal offense in connection with obtaining,
attempting to obtain, or performing a public (Federal, state, or local)
contract or subcontract; violation of Federal or State antitrust statutes

theft, forgery, bribery, falsification or destruction of records, making
false statements, tax evasion, violating Federal criminal tax laws, or
receiving stolen property;

c. Are not, presently indicted for, or otherwise criminally or civilly
charged by a governmental entity with, commission of any of the
offenses enumerated in paragraph (A)(1)(b) of this provision; and

d. Have not, within a three-year period preceding this offer, been
notified of any delinquent Federal taxes in an amount that exceeds
$3,500 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following
criteria apply:

(i) The tax liability is finally determined. The liability is finally
determined if it has been assessed. A liability is not finally determined
if there is a pending administrative or judicial challenge. In the case of
a judicial challenge to the liability, the liability is not finally
determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is
delinquent if the taxpayer has failed to pay the tax liability when full
payment was due and required. A taxpayer is not delinquent in cases
where enforced collection action is precluded.

(2) Examples.

(i) The taxpayer has received a statutory notice of deficiency, under
I.R.C. 6212, which entities the taxpayer to seek Tax Court review of a
proposed tax deficiency. This is not a delinquent tax because it is not a
final tax liability. Should the taxpayer seek Tax Court review, this will
not be a final tax liability until the taxpayer has exercised all judicial
appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an
assessed tax liability, and the taxpayer has been issued a notice under
I.R.C. 6320 entitling the taxpayer to request a hearing with IRS Office
of Appeals contesting the lien filing, and to further appeal to the Tax
Court if the IRS determines to sustain the lien filing. In the course of
the hearing, the taxpayer is entitled to contest the underlying tax
liability because the taxpayer has had no prior opportunity to contest the
liability. This is not a delinquent tax because it is not a final tax liability.
Should the taxpayer seek tax court review, this will not be a final tax
liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to
I.R.C. 6159. The taxpayer is making timely payments and is in full
compliance with the agreement terms. The taxpayer is not delinquent
because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is
not delinquent because enforced collection action is stayed under 11

agency of the United States, and the making of a false, fictitious, or
fraudulent certification may render the maker subject to prosecution
under Section 1001, Title 18, United States Code.

B. 1. The Seller shall provide immediate written notice to Buyer if, at
any time prior to contract award, the Seller learns that its certification
was erroneous when submitted or has become erroneous by reasons of
changed circumstances.
